EVEREST

LINEAS

NATURALS MATT

NATURALS

A collection of decorative surfaces inspired by the warmth and texture of natural timber veneer. Our bespoke surfaces are available as a melamine faced panel, high pressure laminate and matching edge. Our range of surfaces are designed to promote subtle textured characteristics which include “brushed” textures, “Natural” look and feel, to our most modern and advanced “Natural Synchronised Matt” embossing, where it is difficult to tell the difference between our panels and real polished natural timber veneer. Ease of use, high surface resistance and superior colour consistency are just some of the advantages PureWood offers the architect, designer and cabinet maker.

Touch™

LAMINATES

Our collection of anti-fingerprint laminates are ideal for furniture & Interior design. Soft to the touch and highly resistant to scratches, this collection of 8 decors are available as a Faced Panel or High Pressure Laminate (HPL) with matching edges.

Concreo & Conclad are innovative materials that revolutionise the use of concrete in Architecture & Interior Design. Consisting of inert materials and natural fibres totally environmentally friendly, solvent-free, non-toxic and fire retardant. Available in panels with two surface finishes aesthetically very similar but very different in terms of applications. Concreo and Conclad together create a system to be at the service of Creativity and Design.
